Line up horses head to tail along the ringside, teeth and testicles are checked for correctness. The judge then re takes his/her position in the centre of the ring.

From line-up, competitors walk to judge and trot past, back to the end of line, to assess straightness of movement.

Horse are then posed nose to tail approx. 15 feet from the edge of the ring and with sufficient distance between to allow judges to assess horses from all sides.

Horses are assessed individually in the nose to tail line up. (See diagram). The final line up is then called in and Rosettes are awarded.

### COLOUR CLASSES

Colour Classes are judged on 80% colour, 20% conformation. Horses are walked into the arena and then asked to turn and walk in the opposite direction. Horses are then lined nose to tail in rows, allowing space for the judge to pass between each horse to assess. The horses are trotted at the discretion of the judge.
