A first booster injection must be given within seven months after the second injection of primary vaccination. Subsequent booster injections must be given at intervals of not more than one year, commencing after the first booster injection. No horse should enter competitions within 7 days of an EI vaccination. Foals should commence vaccinations at 6 months old.

This Rule may be subject to change from guidance from the FEI/BEF and any changes will be notified via the Sport Horse Breeding (GB) website.
